REASONS FOR ALLOWANCE

1. The following is an Examiner's statement of reasons for allowance:

The presented claims are allowed over the prior art of record since the prior art fails to fairly disclose or suggest the use of the combination of print services data which includes cost data, consumables requirements, productivity data, and profile data including attributes of completed print jobs, with the use of statistical analysis of the print services data for subsequent report of the statistical determinations to a print provider over a network. This functionality is supported by the instant specification, inter alia, at Page 20, Line 19 through Page 26, Line 3. Further, this functionality and established distinction from the prior art of record is persuasively argued by Applicant in Response, received 5/17/2005, inter alia, at Page 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
